

MSE Spring 2024 Advising Notes

Make appointments with Rosemary using Boiler Connect

Summer Registration

MyPurdue; Registration; Time ticket window; Scheduling Assistant and use Spring PIN (you can find the PIN by finding the email titled Advisor Course Recommendation Sp24—on the pdf of that email will be your Spring PIN—this is your Summer PIN) Possible courses: Courses, Study Abroad, Internship, and Co-op. **There is no tuition charge for Internship or Co-op Registration**

Pre-registration for Fall 24: Feb 1 - April 4

Pre-Registration Notes

Importance of Pre-registration this shows the demand for enrollment—if you wait until just before classes start, it is not a priority to increase the size of the class and in most cases, you will take the course another semester or summer. Keep in mind Lab courses are limited space and some courses are only offered fall/spring.

Students on Notice need to fill out the survey and meet with Rosemary.

MSE Scholarships Link Opens Soon!

When it does, you can access it on the blog. Please also send your Resume to Rosemary when you complete the Scholarship application. Students should also fill out FASFA.

***There are also other scholarships that have been posted to the blog**

New to MSE?

Plan to attend the Open House for MSE in February check blog and email for details. Email Rosemary and request a meeting with MSE Ambassador or Senior Student mentor.

Course Numbers Have Changed

MSE 517, MSE 535, MSE 568, and MSE 570 are all new numbers and are in the Fall through section of your Plan of study. We will fix this during Registration appointments or email Rosemary and it will be applied correctly.

MSE Tutoring & Academic Success

Check the MSE Undergraduate Blog!

- ◆ Hours on blog for Math 261, 265, 266, MSE 250, 260, and 270.
