*"My internship was a great experience. The hands on projects along with gaining the technical understanding of the casting process, taught me a lot about the foundry industry."*

— Clay S.

*"Most interns do not get the chance to do half of the things I was tasked with, and I appreciate the trust placed in me!"*

— Ally M.

*"After several years with Waupaca Foundry, I have gained enough experience to be valued equally to other engineers in the office."*

— Andrew S.

*"At Waupaca they take the time to teach you the process, so you know the impact your decisions make."*

— Clint W.
